LEGAL STUDIES, BS

The B.S. in Legal Studies is designed for students who want to pursue a degree that emphasizes practical skills plus analytical and conceptual thinking, legal research and writing, a study of the evolution of various legal theories, a solid understanding of substantive areas of law, and the role of law in society. It also allows students to take courses in a variety of departments throughout the university. The B.S. degree is a good option for students who plan to work in fields impacted by law and legal regulation or who are considering law school or other fields of graduate studies. All of the courses in the Paralegal Studies Certificate are included in the B.S. degree. Therefore, we encourage B.S. students to add the Certificate as a secondary curriculum.

Please note that paralegals and other non-lawyers may not provide legal services directly to the public, except as permitted by law. Note also that all Legal Studies and Paralegal Studies students are required to take at least nine (9) semester credits or equivalent of legal specialty courses through face-to-face or online synchronous instruction. Transfer students must provide proof of such credits if taken elsewhere.

Graduates of this program will be able to:

- a. Perform legal research and analysis.
- b. Compose legal documents.
- c. Examine areas of civil and criminal law.
- d. Identify relevant rules of legal ethics.
- e. Apply course content to an occupational learning experience.
